V. WRITING

Lao Tzu said: „A journey of a thousand miles begins with a single step.“. Some people agree with this opinion. Others don't. I'm going to express my point of view on this issue.

I strongly believe that a big deal begins with a small things. Unfortunately, some people afraid of doing the first step for their future. But it necessary thing to make life more interesting and happier or make our world better. We ~~at~~ always should educate ourselves, discover new things, hobbies, broaden the horizons. ~~If time moves on~~ If we don't develop, we will ~~live our life in vain~~ live our lives in vain.

Others think that it's really ~~to~~ hard to ~~to~~ begin something and people could enjoy their life such as it is.

I disagree with the opinion, because it's terrible. Humanity must ~~to~~ develop minds and our existing.

In conclusion, I want to say that you can take ^a small step, then another and another one, and you will ~~a~~ succeed in your business.
